

## CAT Adoption Application

All pets at Heart and Home Animal Rescue Foundation (HHARF) are cared for by foster homes and receive complete medical care, which includes deworming, vaccinations, spaying/neutering and microchipping prior to their adoption.

This questionnaire is designed to help HHARF and yourself determine if a specific dog is the right one for you and your household. The goal is not to be invasive but to find the best possible home for each animal. All adopting parties are required to complete this form prior to adoption. HHARF reserves the right to deny any adoption based on answers to this questionnaire and/or interviews prior to adoptions.
